

C4FF has been supporting the European Maritime Day (EMD) for several years as the Stakeholder and often arranges several meetings and or workshops during the EMD events. The following are the photos taken in previous EMDs.

Photo 1: C4FF Chairman, Professor Ziarati and the EU Commissioner, Maria Damanaki in previous European Maritime Day.

Photo 2: Professor Ziarati with Dr Martin Ziarati, the Director of Centre for Factories of the Future at the European Maritime Day event

Photo 3: C4FF Chairman, Professor Ziarati and the Director of the DG MARE.

Photo 4: Professor Ziarati questioning discussions panel on EU failures in addressing the Youth Unemployment

This year EMD is planned for 16-20th May 2016 in Turku, Finland. C4FF will be active in supporting the Sustainable Shipping Conference, chairing the discussions panel and making a presentation on Best Practices. The programme for the Conference is as follows:

Sustainable Shipping

17 May 2016 Turku, Finland

Promoting Maritime ECVET Actions

CHIP

Clean Shipping Economics -
Shipping under a new paradigm

Sustainable Shipping

17.5.2016 Turku, Finland

Final seminar organised by CHIP & MariePRO projects

Promoting Maritime ECVET Actions

CHIP

Clean Shipping Economics -
Shipping under a new paradigm

PROGRAMME

9:30 Morning coffee

10.00 Opening: Introduction of the CHIP and MariePRO projects

Please feel free to pass the information on to your colleagues who might be interested in attending the seminar.

Co-funded by the
Erasmus+ Programme
of the European Union

Sustainable Shipping

17 May 2016 Turku, Finland

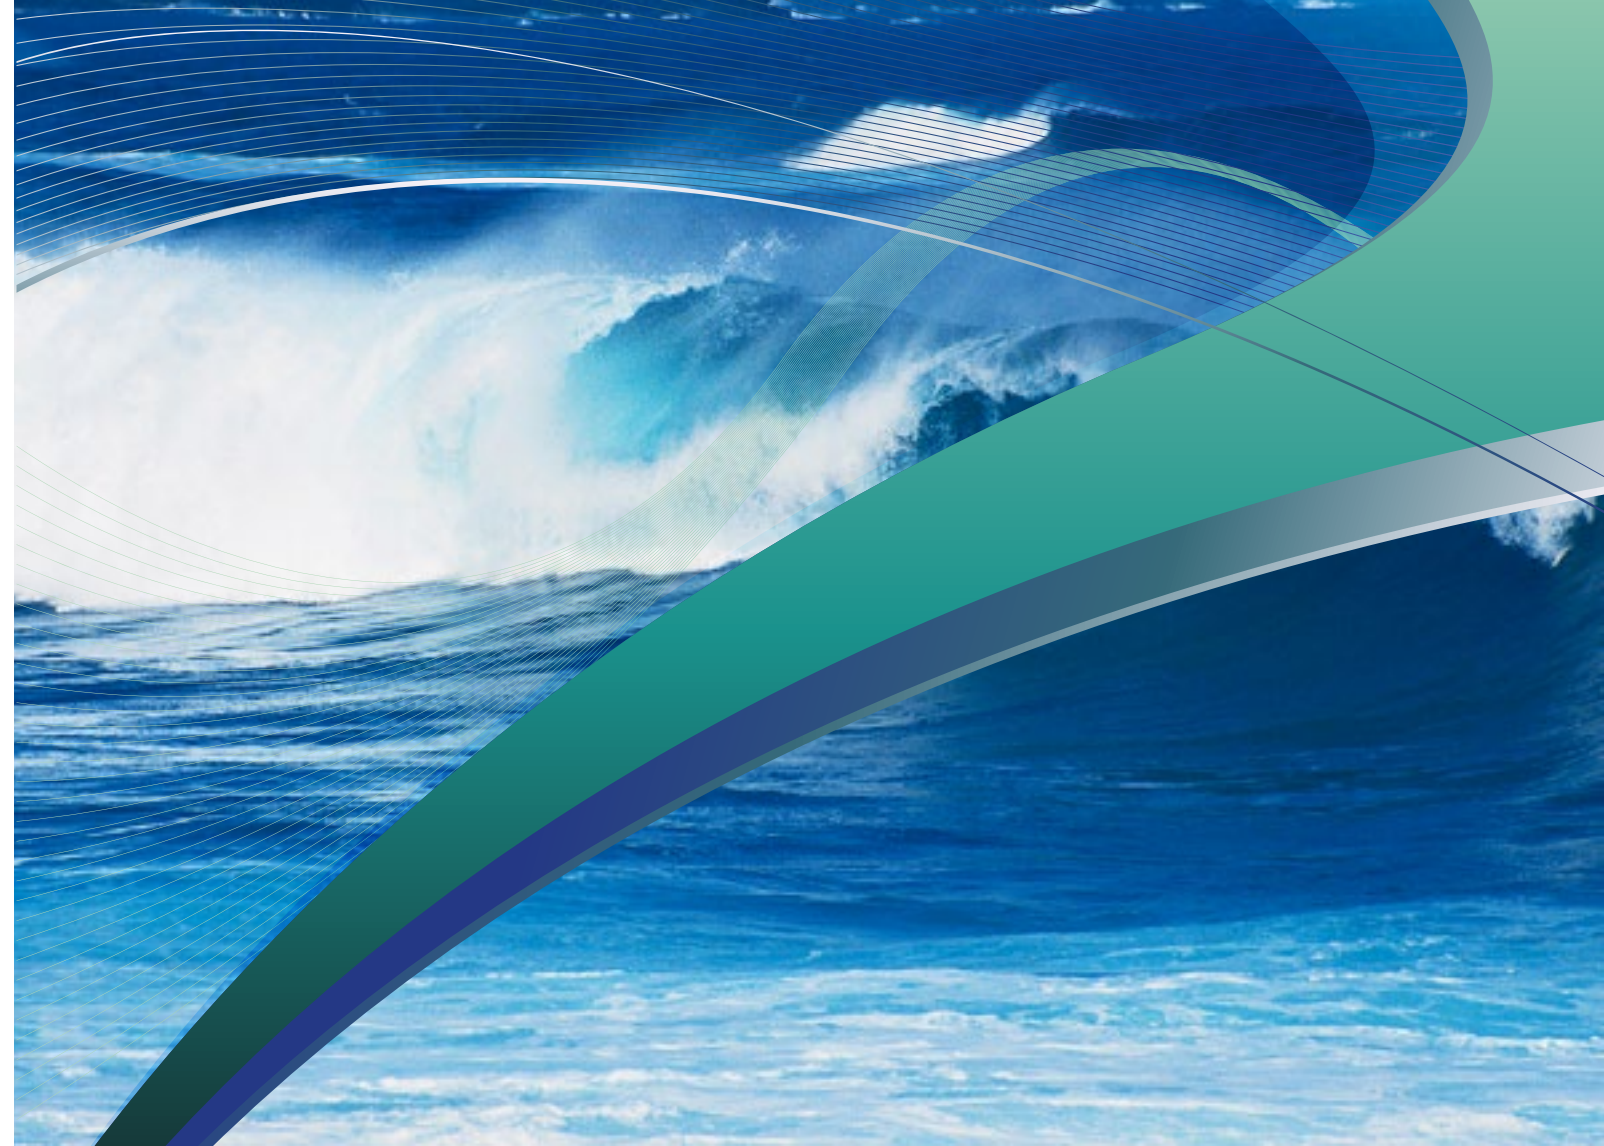

Promoting Maritime ECVET Actions

CHIP

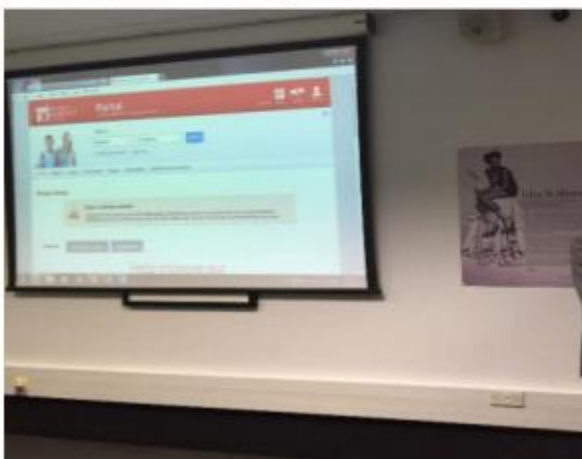

Clean Shipping Economics -
Shipping under a new paradigm

The Event is funded by the European Commission under the Erasmus+ -programme and by the Academy of Finland. The EU The European Commission accepts no responsibility for the contents of the publication and event. CIMO is the national agency for the European Union's education and youth programmes.

The Centre will be participating in the EU funded MariePRO project during the EMD days on 18th and 19th May 2016. A report is expected from this event and will appear in the June News. We wish the Sustainable Shipping Conference and the EMD events and workshop as well as MariePRO partner meeting a success.

During the event's MariFuture initiated new projects such as MariEMS and MariLANG will be discussed with the EU and EC officials and several new proposals which MariFuture intends to promote in the coming year will also be discussed during the event in Turku, Finland.

With this News we would like to interest you in some of the additional opportunities on offer such as different site-visits and a matchmaking event, for which a few places are still available:

1. **Matchmaking Event:** This networking event targets innovative companies, universities, researchers, public authorities and is an ideal way to find technology and business partners through pre-arranged meetings during an event which attracts delegates and experts from across Europe and beyond. You simply need to register, present yourself, your company/organisation and a cooperation idea and select partners of interest to you in advance of the event. Meetings will take place on the 19th of May 2016 in Logomo Centre. More info and registration: <https://www.b2match.eu/emd2016>.

Site Visits <https://ec.europa.eu/maritimeaffairs/maritimeday/en/site-visits>

2. **Meriaura Ltd. and ship simulators at Auriga, Tue 17 May 16:30 19:15:** This site visit will have two stops: 1) Offices of marine transportation and logistics company Meriaura Ltd, 2) Auriga Business Centre, which is home to the Aboa Mare Academy and Training Centre for

professional and recreational seafarers, the Western Finland Vessel Traffic Centre, the Maritime Rescue Coordination Centre Turku (MRCC), and the Command Centre of the West Finland Coast Guard District.

3. **Master shipbuilder Meyer Turku, Tue 17 May 16:00 18:00:** Specializing in highly complex, innovative and environmentally friendly cruise ships, car-passenger ferries, and special vessels, Meyer Turku is carrying on Turku's commercial shipbuilding tradition, which started in 1737. Meyer Turku is one of the world's leading cruise ship builders and is currently building cruise ships for TUI Cruises, a fast ferry for Tallink, and will soon start construction of two cruise ships for Costa Crociere. The tour will include a tour of the Perno shipyard, an opportunity to board a ship, and a presentation by Meyer Turku.
4. **AW-Energy Järvenpää Research Center, Tue 17 May 12:10 15:15:** Organised by Ocean Energy Europe and AW-Energy, this visit will provide an insight into the European ocean energy sector, and the WaveRoller®, one of the most advanced wave energy technologies in the world at the newly opened AW-Energy Järvenpää Research Center, near Helsinki airport. Bus transfer is provided between Helsinki Airport and Järvenpää, and then from Järvenpää to Turku.
5. **NaviGate Trade Fair, Thu 19 May 15:30 17:15:** NaviGate 2016 brings together key operators from the maritime cluster, including Wärtsilä, Elomatic, Meyer Turku, Enterprise Europe Network, and Royal Caribbean Cruises. This year's key themes are maritime industry logistics, and shipping. The trade fair will include seminars, briefings, recruitment, research, and training. Come and network with key maritime industry leaders at the Turku Fair Centre on 19 May 2016. Transportation will be provided from Logomo to the NaviGate trade fair, and then to the Turku City Centre.

A summary of all the projects can be found in www.marifuture.org. For further information about MariFuture please refer to the MariFuture website.
